PHILIP KEIL is an expert in his field: More than 8.000 flying hours, thousands of take offs and landings on four continents. And one flight, that changed his life...

Ever since a near-crash in 2009, Philip Keil transfers NASA strategies from the cockpit to everyday life of companies. To make tough decisions confidently and to communicate clearly – these are the requirements for a good pilot. For a successful leader, likewise. Philip Keil attracts his audience with impressive experiences and valuable expert knowledge. Because he speaks about subjects, that make the difference between crash and landing on the dot, on the ground alike: **leadership, decision making and teamwork.**

Being a real expert and an awarded “Top 100 Speaker”, Philip Keil is ranked among the most extraordinary speaking professionals.

KEYNOTES:

CRASH OR LANDING ON THE DOT? The team makes the difference!
